## India Trip Report: March 4, 2011

Many thanks to all who are praying for us in India. We have needed it, felt it, and God has truly given some wondrous answers to prayer!

I am hurrying to get this note off before we head out to another night meeting. We had over 250 in attendance last night. More people stopped in the street and listened from open doors and windows all around. This was in the church yard or compound of a Lutheran church. This Lutheran pastor heard about our conference last year and traveled over 300 km to see me and ask us to come to his area.

Just a few pix below. I hope to get another mail out before we leave next week.

Do keep praying. Satan has fought us various ways – some very open, some subtle. But God is helping us. One especially mighty intervention came in a village meeting two nights ago. I'll share more when I can.

Thank you for praying and standing with us. You are an important part of all we are doing in Christ's Name!

From India,

Rick Hutchison
